You are correct, put it in the State recommendation folder!

Just want to make sure, you want the supplemental recommendation in the TSD folder rather than in the state recommendation folder?

Sorry Kathleen I was out of the office. Please post in R5 TSD document set and name it WI\_Supplemental. I will discuss with Carla and OGC on how we should handle this.

**Subject:** Supplemental information for 2015 Ozone Standard Designations

Attached is your copy of a submittal sent to Acting Regional Administrator Kaplan today which contains supplemental technical information in support of the initial area designations for the 2015 ozone standard. As noted in the letter, EPA should consider this supporting information and ensure it is reflected in any modifications to Governor Walker's recommendation of September 21, 2016 that EPA elects to make in the "120 day" notifications that would occur prior to final designations.

Please let me know if you have any questions regarding this submittal, or if we can provide any clarification or additional information related to this issue.
